How Much of Dad's Day Do You Know Because He Told You?

Twelve quick questions about what the family knows of his routines and preferences. At the end: what you know, what's still unclear, and what to ask next.

Answer yes, no or not sure. This checks how much of your picture of Dad's day came from Dad himself. It doesn't measure Dad, and no answer here means he needs help or that anything should change.

What this doesn't do

It counts what Dad has told the family and what's been written down, not how Dad is doing, and not how well anyone knows him. A short “What you know” list means only that some things haven't been asked yet. Each one is an ordinary conversation, whenever it suits him.
