How Much of Your Wife's Day Is Written Down for Her New Caregivers?

Twelve quick questions about what's on paper so far. At the end: what's written down, what's still unclear, and what to ask.

Answer yes, no or not sure. This checks how much of what you know about her day has made it onto paper. It doesn't measure your wife, or you, and nothing here says anything about the care she needs.

What this doesn't do

It counts what's on paper, not how your wife is doing and not how well you know her. A low count means there are things still to ask her or write down, and most of them are one unhurried conversation away.
