How Clear Is Your Picture of What Your Wife's Care Must Include?

Twelve quick questions about what you know. At the end: what you know, what's still unclear, and what to ask.

Answer yes, no or not sure. This checks how complete your picture is. It doesn't measure your wife, and no answer here means she needs a particular kind of care or a particular place.

1. Have you written down the help your wife gets, one task at a time?

What this doesn't do

It counts what you know, not how your wife is doing, and it doesn't point to a kind of care or a place. A low count means there are things to find out, and most of them are a question for the right person or a few days of noticing.
